

## SIEMENS FLAT 48"

Germany - 1925

Around 1920, following the success of MD 30 and MD 70 models (both included in our Fantique "Museum Pieces" Collection), Siemens launched a new model with a closed engine body, the Flat 48", a high quality, very efficient ceiling fan.

### Guaranteed quality

Fantique's "Period Originals" collection is covered by a 2 year warranty. Hand assembled one by one, the fans are checked and tested individually in each and every components before packaging. Every function is also meticulously tested: from balancing and blades inclination to flow rate, from electric standards to rigorous endurance tests (5 hours at full speed).

### Telephone assistance

Our antique fans are mounted in the same manner as commercial models, which is quite simple. We nevertheless recommend that you rely on qualified personnel, to whom Fantique offers telephone assistance free of charge on any issues (not necessarily related to the mounting of the fan), by simply calling the following numbers: +39 06 68802417 or + 39 337 733077.
