##### TROPICAL 56"

<b>Country of manufacture:</b>	India
<b>Year of manufacture:</b>	1930
<b>Number of blades:</b>	3
<b>Diameter:</b>	140 cm
<b>Power:</b>	100 watts
<b>Weight:</b>	16 kg

## TROPICAL 56"

India - 1930

Tropical was an old Indian firm, manufacturing ceiling fans between 1930's and 1950's, characterized by two distinguishing features: very high quality engines and truly essential lines. With an extremely "technical" appearance, they were widely used both in governmental and private buildings.

Our Fantique collection includes several fans with a 56" (140 cm.) blade diameter, the most widespread size found in public offices. Thanks to their powerful efficiency, Tropical ceiling fans are particularly suitable for use outdoors.

### Guaranteed quality

Fantique's "Period Originals" collection is covered by a 2 year warranty. Hand assembled one by one, the fans are checked and tested individually in each and every components before packaging. Every function is also meticulously tested: from balancing and blades inclination to flow rate, from electric standards to rigorous endurance tests (5 hours at full speed).

### Telephone assistance

Our antique fans are mounted in the same manner as commercial models, which is quite simple. We nevertheless recommend that you rely on qualified personnel, to whom Fantique offers telephone assistance free of charge on any issues (not necessarily related to the mounting of the fan), by simply calling the following numbers: +39 06 68802417 or + 39 337 733077.
