VERITYS MALABAR

Great Britain - 1920

Founded in late '800 in Birmingham, England, Veritys Ltd mainly manufactured table fans. Ceiling models are therefore very rare, especially those of large blade diameter.

We came across the 4 fans belonging to our collection, all with a cm. 170 blade diameter, in one of the residences of the Marquis of Linlithgow, General Governor of India from 1936 to 1943.

Guaranteed quality

Fantique's "Period Originals" collection is covered by a 2 year warranty. Hand assembled one by one, the fans are checked and tested individually in each and every components before packaging. Every function is also meticulously tested: from balancing and blades inclination to flow rate, from electric standards to rigorous endurance tests (5 hours at full speed).

Telephone assistance

Our antique fans are mounted in the same manner as commercial models, which is quite simple. We nevertheless recommend that you rely on qualified personnel, to whom Fantique offers telephone assistance free of charge on any issues (not necessarily related to the mounting of the fan), by simply calling the following numbers: +39 06 68802417 or + 39 337 733077.
